

Today's video is about

Using Python libraries
in pyRevit and Dynamo

Today we will be using..

Software platforms

- Autodesk Revit 2020 + Dynamo
- Notepad ++ (v8.4.7)

Third party add-ins

- pyRevit (4.8.12.22247)

Programming languages

- Python (IP2.7)

Essential pre-viewing

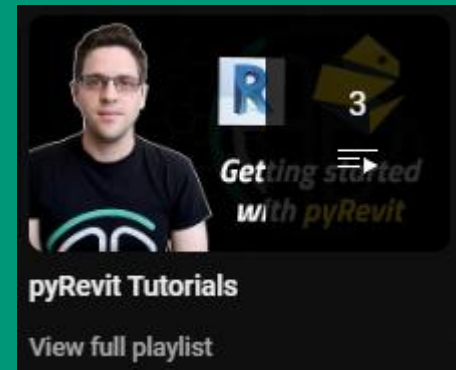

If you haven't seen these, I may skip over some things you're not familiar with.

Python 101

- 10 quick Python videos
- Establish the fundamentals

pyRevit

- How to install and set it up
- Make a basic toolbar

What we will cover

pyRevit

- Making a library
- Using functions from it

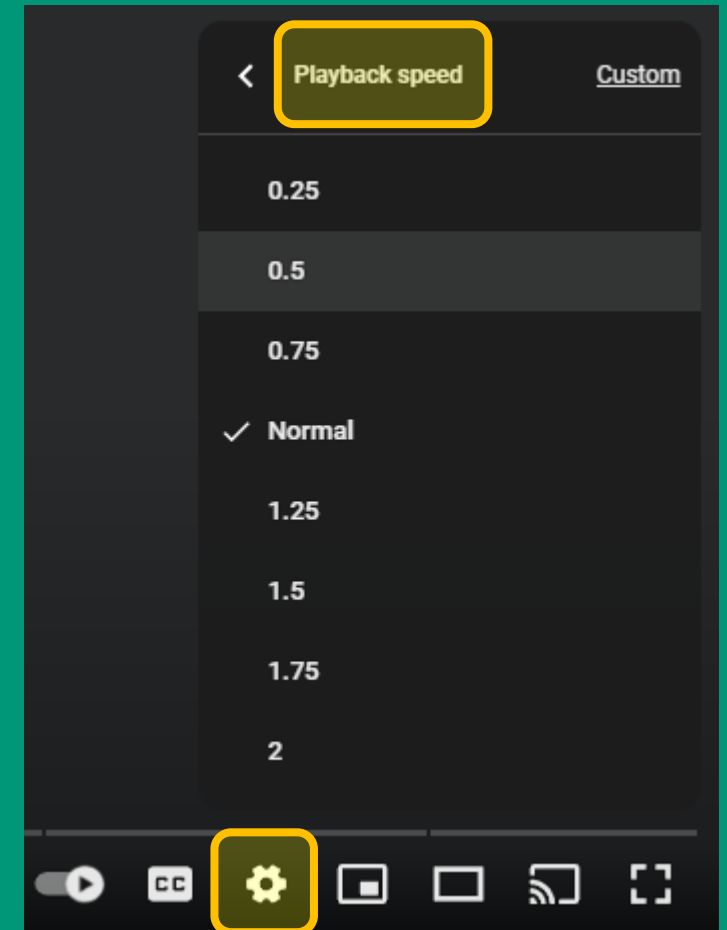

Dynamo

- Appending system path
- Using functions from it

Let's dive in!

And make our own solution!

Am I talking too fast?
Slow me down if you like!
